The Camden

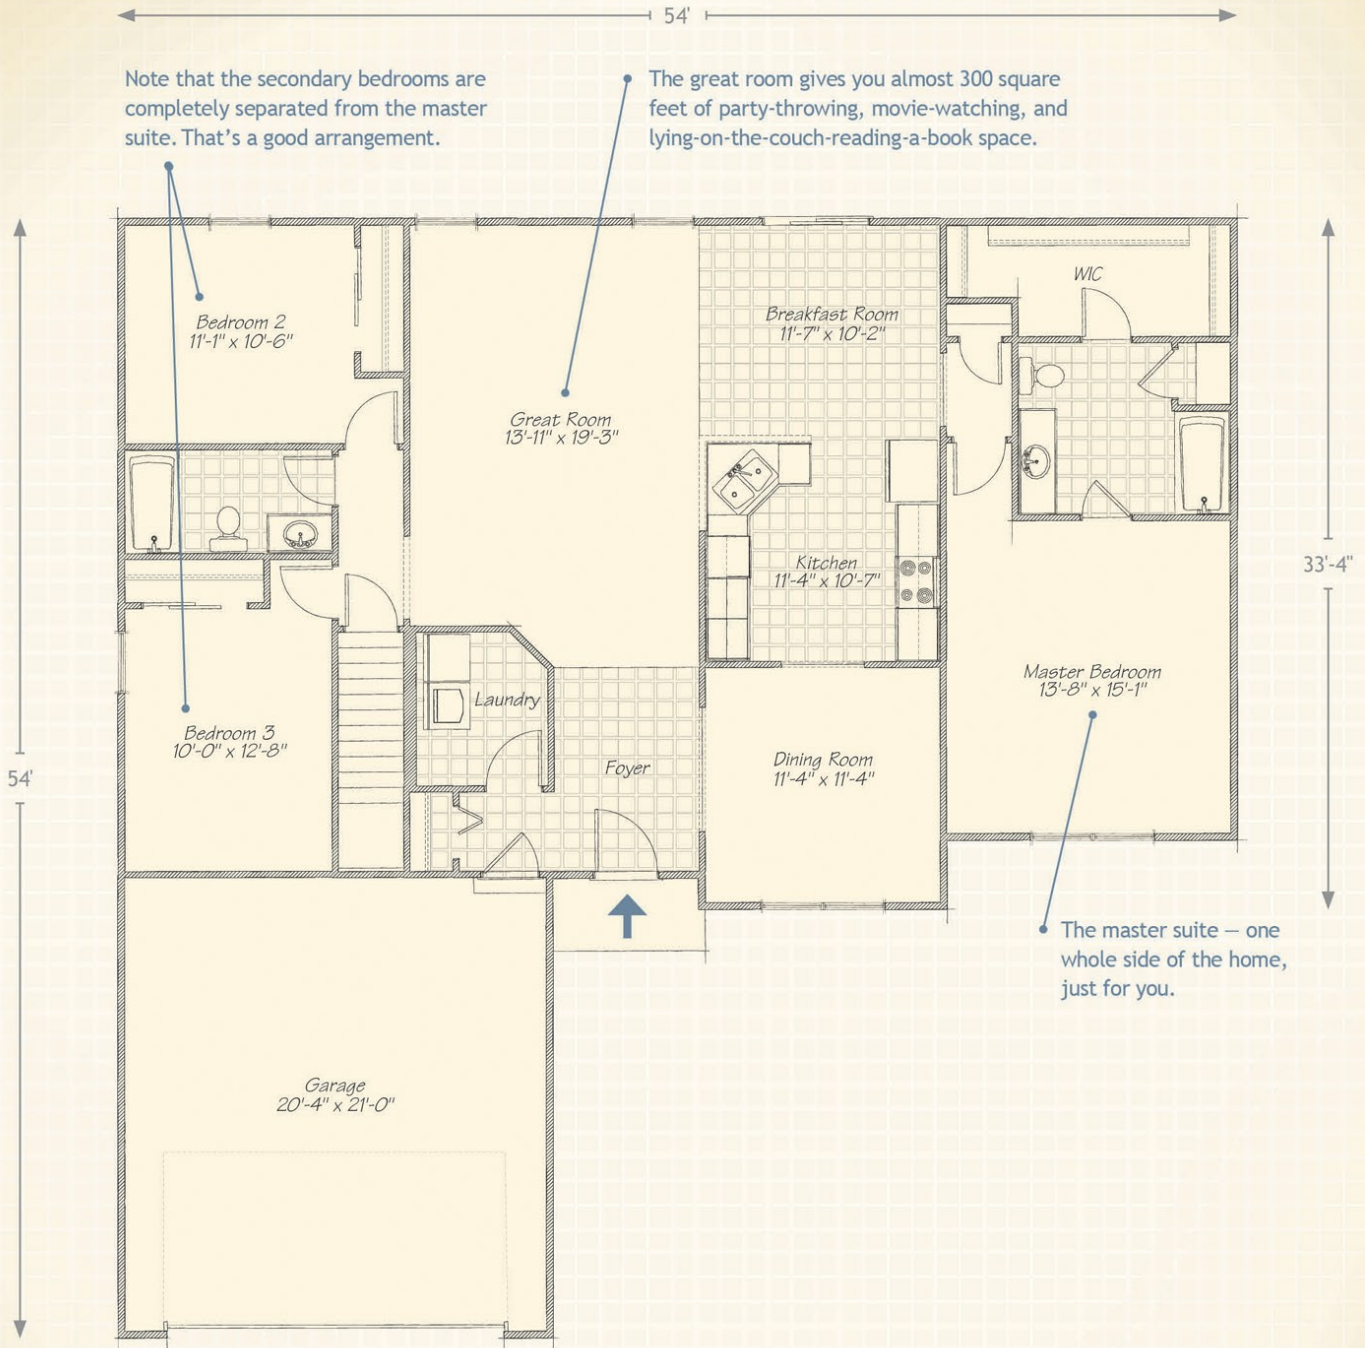

LIFESTYLE COLLECTION

1,673 Square Feet

3 Bedroom • 2 Bath • Ranch

The Camden is a study in smart use of space. At 1,673 square feet, it's not the largest ranch home we offer. But if you look carefully at the floorplan, you'll see that it lives big. Picture, for example, how nice it would be to entertain guests in the wide-open great room and kitchen. Imagine the convenience of a real laundry room (not a laundry closet). And spend a little time pondering this: a full-on master suite with a spacious bed chamber, private bath and walk-in closet. Come on in and stretch out.
