The McAllister

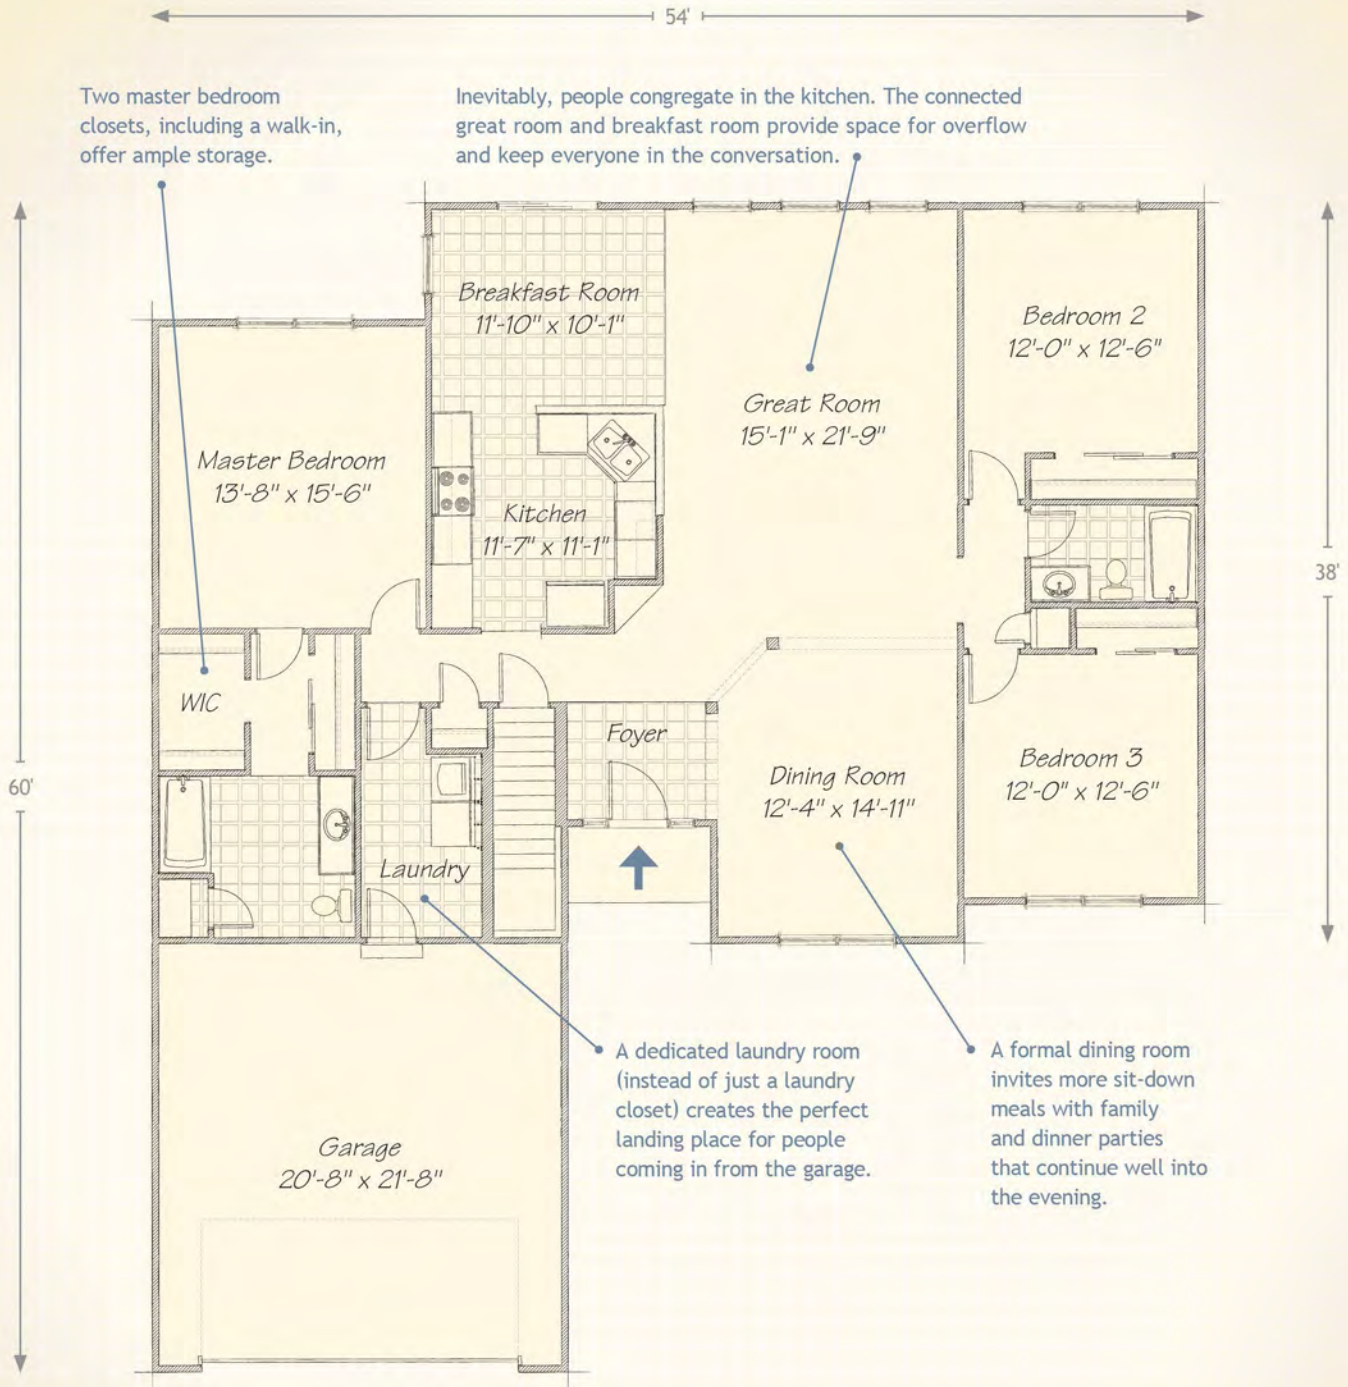

LIFESTYLE COLLECTION

1,857 Square Feet

3 Bedroom • 2 Bath • Ranch

Ranch style homes have always been popular for their accommodating one-story layouts. The McAllister takes the idea of main-floor living and gives it a thoughtful makeover for modern families, balancing wide-open, casual spaces with just the right amount of formal space. The kitchen, great room and breakfast room flow together to create a space that's perfect for entertaining. And a separate dining room invites more sit-down meals with family and dinner parties that continue well into the evening.
