The Kinston

2,726 Sq Ft • 3 Bedroom • 2½ Bath • Two-Story

1ST FLOOR

1 A formal dining room makes any occasion feel special.

2 The two-car garage has room for a workbench or extra storage, and the overhead space can be optioned as a bonus room.

3 When the party moves to the kitchen, this one has enough room to make it a great affair.

4 The angled staircase creates a sense of openness and arrival in the two-story foyer.

5 With more people working from home these days a den/office is a must.

2ND FLOOR

6 The owner suite has a huge walk-in closet. In fact, all the bedrooms have walk-in closets.

7 The only thing more convenient than a huge walk-in closet is a laundry room right next door.
