The Kinston

LIFESTYLE COLLECTION

2,726 Square Feet
3 Bedroom • 2½ Bath • Two-Story

The openness of the Kinston makes it both welcoming and accommodating. The way the grand two-story foyer with angled staircase flows into the great room, which flows into the breakfast nook, and on into the very large kitchen. It all works together. The garage is extended to make room for work as well as cars, and offers a private owners entrance. A den/office lets you work comfortably from home. And, upstairs, all the bedrooms have a sense of privacy. Especially the luxurious master suite, which boasts double vanities, a garden tub and a huge walk-in closet.
