1 The island's eat ledge is perfect for refreshments and grab-and-go snacks.

2 A walk-in closet to hold all your beachwear and bathing accessories.

3 A dining room big enough for the whole family ... and another family.

4 The great room's design opens up views and entertaining possibilities.

5 Keep essentials on hand in the walk-in corner pantry.

6 At the lake, a laundry room isn't a luxury; it's a necessity.

7 Stacked windows provide two stories of natural waterfront light.

8 The loft is a place for extra bunk beds or an office with some of the best views.

9 A separate room for the vanity makes sharing easier.
